June 19, 2018 Update:

- **Potential Acquisition of ILG Reminders**

Details:

The potential acquisition of ILG continues to move forward. Much work is being completed at our Corporate Offices to ensure a smooth transition.

As a reminder, while this is a very exciting transaction, there are specific guidelines we need to ensure our teams follow when interacting with Owners and Guests. Please ensure you reiterate with your teams the following from Brian Miller's original messaging on April 30th.

- The first thing to emphasize is that while we have announced an exciting transaction, the acquisition of ILG will not be completed until later this year. Until then, things should remain business as usual. We will continue to operate as two separate companies, and our job is to keep our focus on the performance of Marriott Vacations Worldwide.
 - **Representations about our product do not change as a result of this announcement. No one should speculate about the impact this transaction could have on our products or any future benefits it may bring. Our industry is highly regulated, and unauthorized representations can result in both extended rescission rights for the purchaser and potential legal liability for the Company.**
 - Per policy, no one should speak with the media or opine on social media about this pending transaction.

These forward-looking statements include, among other things, statements of plans, objectives, expectations (financial or otherwise) or intentions.

Forward-looking statements are any statements other than statements of historical fact, including statements regarding Marriott Vacations Worldwide Corporation's (the "Company") and ILG, Inc.'s ("ILG") expectations, beliefs, hopes, intentions or strategies regarding the future. Among other things, these forward-looking statements may include statements regarding the proposed combination of the Company and ILG; our beliefs relating to value creation as a result of a potential combination of the Company and ILG; the expected timetable for completing the transactions; benefits and synergies of the transactions; future opportunities for the combined company; and any other statements regarding the Company's and ILG's future beliefs, expectations, plans, intentions, financial condition or performance. In some cases, forward-looking statements can be identified by the use of words such as "may," "will," "expects," "should," "believes," "plans," "anticipates," "estimates," "predicts," "potential," "continue," or other words of similar meaning.

Forward-looking statements are subject to risks and uncertainties that could cause actual results to differ materially from those discussed in, or implied by, the forward-looking statements. Factors that might cause such a difference include, but are not limited to, general economic conditions, our financial and business prospects, our capital requirements, our financing prospects, our relationships with associates and labor unions, our ability to consummate potential acquisitions or dispositions, our relationships with the holders of licensed marks, and those additional factors disclosed as risks in other reports filed by us with the Securities and Exchange Commission, including those described in Part I of the Company's most recently filed Annual Report on Form 10-K and subsequent reports on Forms 10-Q and 8-K as well as in ILG's most recently filed Annual Report on Form 10-K and subsequent reports on Forms 10-Q and 8-K and in the preliminary joint proxy statement/prospectus included in the registration statement on Form S-4 filed by the Company with the SEC on June 6, 2018, and any amendments thereto.

Other risks and uncertainties include the timing and likelihood of completion of the proposed transactions between the Company and ILG, including the timing, receipt and terms and conditions of any required governmental and regulatory approvals for the proposed transactions that could reduce anticipated benefits or cause the parties to abandon the transactions; the possibility that the Company's stockholders may not approve the proposed transactions; the possibility that ILG's stockholders may not approve the proposed transactions; the possibility that the expected synergies and value creation from the proposed transactions will not be realized or will not be realized within the expected time period; the risk that the businesses of the Company and ILG will not be integrated successfully; disruption from the proposed transactions making it more difficult to maintain business and operational relationships; the risk that unexpected costs will be incurred; the ability to retain key personnel; the availability of financing; the possibility that the proposed transactions do not close, including due to the failure to satisfy the closing conditions; as well as more specific risks and uncertainties. You should carefully consider these and other relevant factors, including those risk factors in this communication and other risks and uncertainties that affect the businesses of the Company and ILG described in their respective filings with the SEC, when reviewing any forward-looking statement. These factors are noted for investors as permitted under the Private Securities Litigation Reform Act of 1995. We caution readers that any such statements are based on currently available operational, financial and competitive information, and they should not place undue reliance on these forward-looking statements, which reflect management's opinion only as of the date on which they were made. Except as required by law, we disclaim any obligation to review or update these forward-looking statements to reflect events or circumstances as they occur.
