Guidelines for Interacting with ILG Associates

- There should be **no coordination of competitive conduct** between the two companies.

- MVW's associates should **not attempt to influence ILG business decisions**, and vice versa.
- No activities or communications should imply that the transaction is completed.
- Both MVW and ILG must continue to **operate as entirely separate companies** until the transaction is consummated.
- All decisions concerning the pre-closing conduct of ILG's business must be **made independently by ILG personnel**.
- Actual implementation of any integration initiatives affecting ILG's operations must be deferred until after the close of the transaction unless approved by its legal team.
- As a reminder, it's important that we all follow the official Integration Team's lead and conduct all of our integration efforts only within the Integration Team structure. Please do not contact or in any way coordinate on integration matters with counterparts at ILG unless you are specifically asked to do so by the Integration Team.
