Indicate by check mark whether the registrant is an emerging growth company as defined in Rule 405 of the Securities Act of 1933 (§230.405 of this chapter) or Rule 12b-2 of the Securities Exchange Act of 1934 (§240.12b-2 of this chapter).

Emerging growth company ☐

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act. ☐

Item 2.02 Results of Operations and Financial Condition

On August 6, 2026, Marriott Vacations Worldwide Corporation (the “Company”) issued a press release reporting financial results for the quarter ended June 30, 2026. A copy of the press release is attached as Exhibit 99.1 hereto and incorporated herein by reference.

As provided in General Instruction B.2 of Form 8-K, the information contained in Item 2.02 of this Current Report on Form 8-K shall not be deemed to be “filed” for purposes of Section 18 of the Exchange Act of 1934, as amended, nor shall any such information be deemed to be incorporated by reference in any filing under the Securities Act of 1933, as amended.

Item 7.01 Regulation FD Disclosure

On August 6, 2026, the Company intends to post a new investor presentation to the Investor Relations – Events and Presentations section of the Company’s website, www.marriottvacationsworldwide.com. The Company’s investor presentation is expected to contain information that may be deemed material to investors. The Company uses its website to disseminate updates to its investor presentation and does not intend to file or furnish a Current Report on Form 8-K to alert investors each time the presentation is updated.

The Company routinely posts important information, including news releases, announcements and other statements about its business and results of operations, that may be deemed material to investors on the Investor Relations section of the Company’s website, www.marriottvacationsworldwide.com. The Company uses its website as a means of disclosing material, nonpublic information and for complying with the Company’s disclosure obligations under Regulation FD. Investors should monitor the Investor Relations section of the Company’s website in addition to following the Company’s press releases, filings with the SEC, public conference calls and webcasts.

Item 9.01 Financial Statements and Exhibits.

(d) The following exhibits are being furnished herewith:

Marriott Vacations Worldwide Reports Second Quarter 2026 Financial Results

ORLANDO, Fla. – August 6, 2026 – Marriott Vacations Worldwide Corporation (NYSE: VAC) (“MVW,” the “Company,” “we” or “our”) reported financial results for the second quarter of 2026.

Second Quarter 2026 Highlights

- Contract sales increased 22% year over year to \$545 million in the quarter.
- Net income attributable to common stockholders was \$77 million compared to \$69 million in the prior year and diluted earnings per share was \$2.12 compared to \$1.77 in the prior year.
- Adjusted net income attributable to common stockholders increased 9% to \$84 million and adjusted diluted earnings per share increased 18% to \$2.31.
- Adjusted EBITDA increased to \$215 million compared to \$203 million in the prior year.
- The Company raises its full-year Contract Sales, Adjusted EBITDA and Adjusted Free Cash Flow guidance.

“Our second quarter results demonstrate the strong progress we have made this year, with VPG improving 23% year over year and contract sales growing 22%. This was driven by the power of our brands, our strategy, and the execution by our associates,” said Matt Avril, Chief Executive Officer. “Our raised guidance reflects our focus on driving continued contract sales growth and increasing Adjusted EBITDA. We also remain committed to delivering best-in-class hospitality experiences for our owners, members, and guests.”

In the tables that follow “**” denotes Non-GAAP Financial Measures. Please see page A-17 for additional information about our reasons for providing these alternative financial measures and limitations on their use. Additionally, in the tables below “†” denotes prior year amounts that have been reclassified to conform with our current year presentation and “NM” means not meaningful.

Vacation Ownership

(In millions, except volume per guest (“VPG”) and tours)	Three Months Ended		Change
	June 30, 2026	June 30, 2025	
Revenues excluding cost reimbursements	\$ 853	\$ 775	10%
Contract sales	\$ 545	\$ 445	22%
VPG	\$ 4,477	\$ 3,631	23%
Tours	112,721	114,402	(1%)
Segment financial results attributable to common stockholders [†]	\$ 219	\$ 197	12%
Segment margin [†]	25.7%	25.4%	30 bps
Segment Adjusted EBITDA*	\$ 246	\$ 231	7%
Segment Adjusted EBITDA margin*	28.9%	29.8%	(90 bps)

Contract sales increased 22% compared to the prior year. VPG increased 23% year over year driven by higher average transaction size from product and operational enhancements. Tours in North America

increased 3% year over year. The 1% decline in reported tours was attributable to the Company's purposeful actions to prioritize higher profitability and cash flow in the Asia-Pacific region.

Segment Adjusted EBITDA increased primarily due to higher contract sales. Segment Adjusted EBITDA margin declined primarily due to higher marketing and sales costs and higher unsold maintenance fee expense, partially offset by lower product cost as a percentage of sale of vacation ownership products.

Exchange & Third-Party Management

(In millions, except total active Interval International members and average revenue per member)	Three Months Ended		Change
	June 30, 2026	June 30, 2025	
Revenues excluding cost reimbursements	\$ 50	\$ 51	(2%)
Total active Interval International members (000's) ⁽¹⁾	1,475	1,507	(2%)
Average revenue per Interval International member	\$ 36.83	\$ 37.40	(2%)
Segment financial results attributable to common stockholders	\$ 17	\$ 16	2%
Segment margin [†]	33.1%	32.0%	110 bps
Segment Adjusted EBITDA*	\$ 22	\$ 23	(7%)
Segment Adjusted EBITDA margin*	43.3%	45.9%	(260 bps)

⁽¹⁾ Includes members at the end of each period.

Corporate and Other

General and administrative costs increased \$1 million in the second quarter compared to the prior year due to higher variable compensation, partially offset by other operational savings.

Balance Sheet and Liquidity

The Company ended the quarter with \$928 million in liquidity, including \$211 million of cash and cash equivalents and \$650 million of available capacity under its revolving corporate credit facility. The Company had \$3.1 billion of corporate debt and \$2.4 billion of non-recourse debt related to its securitized vacation ownership notes receivable at the end of the second quarter.

The Company's net corporate leverage ratio declined to 4.0 times in the second quarter compared to 4.2 times at the end of the first quarter.

The Company also had \$902 million of inventory at the end of the quarter, including \$229 million classified as a component of Property and equipment.

Full Year 2026 Outlook

During the first quarter of 2026, the Company began including interest expense associated with its warehouse credit facility borrowings as a component of consumer financing interest expense. In the second quarter of 2026, interest expense on warehouse credit facility borrowings was \$2 million.

The Company provides full year 2026 guidance as reflected in the chart below.

(in millions, except per share amounts)	Current 2026 Guidance			Previous 2026 Guidance		
Contract sales	\$2,080	to	\$2,115	\$1,815	to	\$1,885
Adjusted EBITDA*	\$805	to	\$830	\$755	to	\$780
Adjusted net income attributable to common stockholders*	\$300	to	\$330	\$255	to	\$285
Adjusted earnings per share - diluted*	\$8.25	to	\$9.05	\$7.05	to	\$7.80
Adjusted free cash flow*	\$410	to	\$460	\$375	to	\$425

The guidance provided above excludes impacts from certain asset sales, foreign currency changes, restructuring costs, litigation charges, modernization costs, transaction and integration costs, and impairments, each of which the Company cannot forecast with sufficient accuracy to factor them into

the guidance provided above and without unreasonable efforts, and which may be significant. As a result, the full year 2026 outlook is presented only on a non-GAAP basis and is not reconciled to the most comparable GAAP measures. Where one or more of the currently unavailable items is applicable, some items could be material, individually or in the aggregate, to GAAP reported results.

The Company's 2026 guidance is based on the following supplemental estimates:

<i>(\$ in millions)</i>	Current 2026 Guidance			Previous 2026 Guidance		
Interest expense, net	\$178	to	\$174	\$184	to	\$179
Depreciation and amortization	\$140	to	\$138	\$150	to	\$148
Tax rate used to calculate adjusted net income attributable to common stockholders	31%	to	29%	31%	to	29%

Non-GAAP Financial Information

Non-GAAP Financial Measures are reconciled and adjustments are shown and described in further detail in the Financial Schedules that follow. Please see page A-17 for additional information about our reasons for providing these alternative financial measures and limitations on their use. In addition to the foregoing Non-GAAP Financial Measures, we present certain key metrics as performance measures which are further described in our most recent Annual Report on Form 10-K, and which may be updated in our periodic filings with the U.S. Securities and Exchange Commission.

Second Quarter 2026 Financial Results Conference Call

The Company will hold a conference call on August 6, 2026 at 8:30 a.m. ET to discuss these financial results and provide an update on business conditions. Participants may access the call by dialing (888) 396-8049 or (201) 689-8341 for international callers. A live webcast of the call will also be available in the Investor Relations section of the Company's website at ir.mvwc.com. An audio replay of the conference call will be available for 30 days on the Company's website.

About Marriott Vacations Worldwide Corporation

Marriott Vacations Worldwide Corporation is a leading global vacation company that offers vacation ownership, exchange, rental and resort and property management, along with related businesses, products, and services. The Company has 120 vacation ownership resorts and approximately 700,000 owner families in a diverse portfolio that includes some of the most iconic vacation ownership brands. The Company also operates an exchange network and membership programs comprised of more than 3,200 affiliated resorts in over 90 countries and territories, and provides management services to other resorts and lodging properties. As a leader and innovator in the vacation industry, the Company upholds the highest standards of excellence in serving its customers, investors and associates while maintaining exclusive, long-term relationships with Marriott International, Inc. and an affiliate of Hyatt Hotels Corporation for the development, sales and marketing of vacation ownership products and services. For more information, please visit www.marriottvacationsworldwide.com.

The Company routinely posts important information, including news releases, announcements and other statements about its business and results of operations, that may be deemed material to investors on the Investor Relations section of the Company's website, www.marriottvacationsworldwide.com. The Company uses its website as a means of disclosing material, nonpublic information and for complying with the Company's disclosure obligations under Regulation FD. Investors should monitor the Investor Relations section of the Company's website in addition to following the Company's press releases, filings with the SEC, public conference calls and webcasts.

Note on forward-looking statements

This press release and accompanying schedules contain “forward-looking statements” within the meaning of federal securities laws, including statements about expectations, plans, objectives, outlook and prospects for future performance and growth; expected asset dispositions; and its full year 2026 outlook and guidance for contract sales, results of operations and cash flows.

Forward-looking statements include all statements that are not historical facts and can be identified by the use of forward-looking terminology such as the words “believe,” “expect,” “plan,” “intend,” “anticipate,” “estimate,” “predict,” “potential,” “continue,” “may,” “might,” “should,” “could” or the negative of these terms or similar expressions. The Company cautions you that these statements are not guarantees of future performance and are subject to numerous and evolving risks and uncertainties that we may not be able to predict or assess, such as: uncertainty in the current global macroeconomic environment created by rapid governmental policy and regulatory changes, including those affecting international trade or travel; future health crises and related governmental responses and their potential adverse effects; variations in demand for vacation ownership and exchange products and services; failure of vendors and other third parties to timely comply with their contractual obligations; worker absenteeism; our ability to attract and retain our global workforce; price inflation; difficulties associated with implementing new or maintaining existing technologies; the ability to integrate artificial intelligence (“AI”) technologies successfully while managing and mitigating related operational, legal, intellectual property, data security and reputational risks; changes in privacy and other laws and regulations affecting our business; instability, disruptions, or distress in the banking system or financial institutions; impacts of severe weather events, climate conditions or natural or man-made disasters; delinquency and default rates in our financing business; global supply chain disruptions; volatility in the international and national economies and credit markets; the impacts of ongoing global conflicts and related sanctions or geopolitical measures; competitive conditions; the availability of capital to finance growth; the impact of changes in interest rates; the effects of steps we have taken and may continue to take to reduce operating costs and accelerate growth and profitability; political or social strife; and other matters referred to under the heading “Risk Factors” in our most recent Annual Report on Form 10-K, and which may be updated in our future periodic filings with the U.S. Securities and Exchange Commission.

All forward-looking statements in this press release are made as of the date of this press release and the Company undertakes no obligation to publicly update or revise any forward-looking statement, whether as a result of new information, future events, or otherwise, except as required by law. There may be other risks and uncertainties that we cannot predict at this time or that we currently do not expect will have a material adverse effect on our financial position, results of operations or cash flows. Any such risks could cause our results to differ materially from those we express in forward-looking statements.

MARRIOTT VACATIONS WORLDWIDE CORPORATION**NON-GAAP FINANCIAL MEASURES**

In our press release and schedules, and on the related conference call, we report certain financial measures that are not prescribed by GAAP. We discuss our reasons for reporting these non-GAAP financial measures below, and the financial schedules included herein reconcile the most directly comparable GAAP financial measure to each non-GAAP financial measure that we report (identified by an asterisk (“*”) on the preceding pages). Although we evaluate and present these non-GAAP financial measures for the reasons described below, please be aware that these non-GAAP financial measures have limitations and should not be considered in isolation or as a substitute for revenues, net income or loss attributable to common stockholders, earnings or loss per share or any other comparable operating measure prescribed by GAAP. In addition, other companies in our industry may calculate these non-GAAP financial measures differently than we do or may not calculate them at all, limiting their usefulness as comparative measures.

Reclassifications

Beginning in the third quarter of 2025, we began separately presenting Modernization expense in our Income Statements. As a result, prior year amounts for the three and six months ended June 30, 2025 were reclassified from Restructuring expense to conform with our current year presentation. Additionally, for the six months ended June 30, 2025, we reclassified \$2 million related to the impairment of an operating lease and related assets from Restructuring expense to Impairment expense to conform with our current year presentation.

Certain Items Excluded from Non-GAAP Financial Measures

We evaluate non-GAAP financial measures, including those identified by an asterisk (“*”) on the preceding pages, that exclude certain items as further described in the financial schedules included herein, and believe these measures provide useful information to investors because these non-GAAP financial measures allow for period-over-period comparisons of our ongoing core operations before the impact of these items. These non-GAAP financial measures also facilitate the comparison of results from our ongoing core operations before these items with results from other companies.

Adjusted Development Profit and Adjusted Development Profit Margin

We evaluate Adjusted development profit (Adjusted sale of vacation ownership products, net of expenses) and Adjusted development profit margin as indicators of operating performance. Adjusted development profit margin is calculated by dividing Adjusted development profit by revenues from the Sale of vacation ownership products. Adjusted development profit and Adjusted development profit margin adjust Sale of vacation ownership products revenues for the impact of revenue reportability, include corresponding adjustments to Cost of vacation ownership products associated with the change in revenues from the Sale of vacation ownership products, and may include adjustments for certain items as necessary. We evaluate Adjusted development profit and Adjusted development profit margin and believe they provide useful information to investors because they allow for period-over-period comparisons of our ongoing core operations before the impact of revenue reportability and certain items to our Development profit and Development profit margin.

Earnings Before Interest Expense, Taxes, Depreciation and Amortization (“EBITDA”) and Adjusted EBITDA

EBITDA, a financial measure that is not prescribed by GAAP, is defined as earnings, or net income or loss attributable to common stockholders, before interest expense, net (excluding consumer financing interest expense), income taxes, depreciation and amortization. Adjusted EBITDA reflects additional adjustments for certain items and excludes share-based compensation expense and amortization of cloud computing software implementation costs. Share-based compensation expense is excluded to address considerable variability among companies in recording compensation expense because companies use share-based payment awards differently, both in the type and quantity of awards granted. Amortization of cloud computing software implementation costs, which are not included in depreciation and amortization expense, are

excluded from Adjusted EBITDA for comparability purposes to address the considerable variability among companies in the utilization of productive assets.

For purposes of our EBITDA and Adjusted EBITDA calculations, we do not adjust for consumer financing interest expense because we consider it to be an operating expense of our business. We consider Adjusted EBITDA to be an indicator of operating performance, which we use to measure our ability to service debt, fund capital expenditures, expand our business, and return cash to stockholders.

We also use Adjusted EBITDA, as do analysts, lenders, investors and others, because this measure excludes certain items that can vary widely across different industries or among companies within the same industry. For example, interest expense can be dependent on a company's capital structure, debt levels and credit ratings. Accordingly, the impact of interest expense on earnings can vary significantly among companies. The tax positions of companies can also vary because of their differing abilities to take advantage of tax benefits and because of the tax policies of the jurisdictions in which they operate. As a result, effective tax rates and provisions for income taxes can vary considerably among companies. Adjusted EBITDA also excludes depreciation and amortization, as well as amortization of cloud computing software implementation costs because companies utilize productive assets of different ages and use different methods of both acquiring and depreciating or amortizing productive assets. These differences can result in considerable variability in the relative costs of productive assets and the depreciation and amortization expense among companies. We believe Adjusted EBITDA is useful as an indicator of operating performance because it allows for period-over-period comparisons of our ongoing core operations before the impact of the excluded items. Adjusted EBITDA also facilitates comparison by us, analysts, investors, and others, of results from our ongoing core operations before the impact of these items with results from other companies.

Commencing in the first quarter of 2026, interest expense associated with our Warehouse Credit Facility is included as a component of Consumer financing interest expense within Financing expense. For the three and six months ended June 30, 2025, interest expense associated with our Warehouse Credit Facility is included as a component of Interest expense, net. Interest expense on our Warehouse Credit Facility was \$2 million and \$5 million for the three and six months ended June 30, 2026, respectively, and \$3 million and \$7 million for the three and six months ended June 30, 2025, respectively.

Adjusted EBITDA Margin and Segment Adjusted EBITDA Margin

We evaluate Adjusted EBITDA margin and Segment Adjusted EBITDA margin as indicators of operating profitability. Adjusted EBITDA margin represents Adjusted EBITDA divided by the Company's total revenues less cost reimbursement revenues. Segment Adjusted EBITDA margin represents Segment Adjusted EBITDA divided by the applicable segment's total revenues less cost reimbursement revenues. We evaluate Adjusted EBITDA margin and Segment Adjusted EBITDA margin and believe it provides useful information to investors because it allows for period-over-period comparisons of our ongoing core operations before the impact of excluded items.

Adjusted Pretax Income, Adjusted Net Income Attributable to Common Stockholders, and Adjusted Earnings per Share - Diluted

We evaluate Adjusted pretax income, Adjusted net income attributable to common stockholders, and Adjusted earnings per share - diluted as indicators of operating performance. Adjusted pretax income is calculated as Adjusted EBITDA less depreciation and amortization, interest expense, net of interest income, share-based compensation expense and amortization of cloud computing software implementation costs. Adjusted net income attributable to common stockholders is calculated as Adjusted pretax income less provision for income tax adjusted for certain items and Adjusted earnings per share - diluted equals adjusted net income attributable to common stockholders divided by diluted shares. We evaluate these measures because we believe they provide useful information to investors because they allow for period-over-period comparisons of our ongoing core operations before the impact of certain non-recurring items such as impacts from asset sales, foreign currency changes, restructuring costs, litigation charges, modernization costs, transaction and integration costs, and impairments, and also facilitate the comparison of results from our ongoing core operations before these items with results from other companies.

Free Cash Flow and Adjusted Free Cash Flow

We evaluate Free Cash Flow and Adjusted Free Cash Flow as liquidity measures that provide useful information to management and investors about the amount of cash provided by operating activities after capital expenditures for property and equipment and the borrowing and repayment activity related to our term securitizations, which cash can be used for, among other purposes, strategic opportunities, including acquisitions and strengthening the balance sheet. Adjusted Free Cash Flow, which reflects additional adjustments to Free Cash Flow for the impact of transaction, integration, restructuring, and modernization costs, litigation charges, insurance proceeds, impact of borrowings available from the securitization of eligible vacation ownership notes receivable, and changes in restricted cash and other items, allows for period-over-period comparisons of the cash generated by our business before the impact of these items. Analysis of Free Cash Flow and Adjusted Free Cash Flow also facilitates management's comparison of our results with our competitors' results.

Net Corporate Leverage

Net corporate leverage ratio represents gross corporate debt, less cash and cash equivalents, divided by Adjusted EBITDA realized over the last twelve months. The Company's corporate debt is composed of its corporate credit facility, senior unsecured notes, convertible notes, and finance leases. Management uses this measure to evaluate balance sheet strength, financial flexibility, and progress toward its leverage objectives. We believe net corporate leverage is an important measure of financial strength because it provides insight into our ability to invest in growth and return capital to shareholders.
